

Filming and sending your video files for GWD 2017

About your videos

This year we are focusing on **your Local Water Issue** or **Environmental action**. Feel free to include some information/videos in the form of short interviews or testimonials from dancers/audience members.

We will ask you (or to your videographer) to send us the best shots of your Ritual and/or Local dance (up to 3 minutes) and then also in addition please send the entire Global Dance. We will be adding some shots of our audiences, so please include exciting footage of your audience members!

Specifications:

If possible, use:

- 16:9 Widescreen Aspect Ratio
- Preferably High Definition (minimum 1280 x 720, optimal 1920 x 1080)
- 29.97 FPS (Frames Per Second)

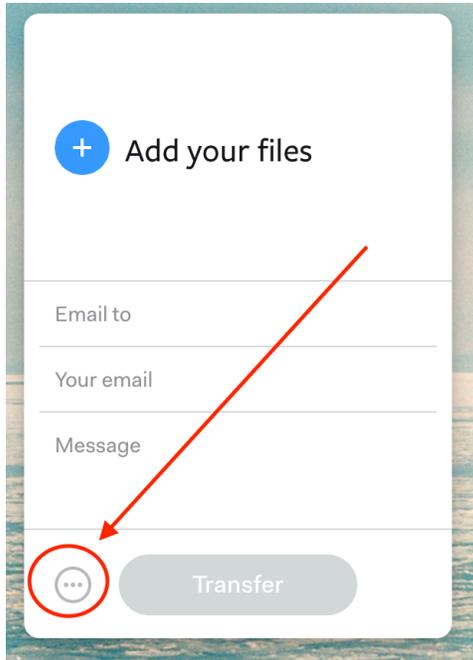

Footage:

- We will be respectful of your footage. Please understand that we cannot use everything that is sent to us.
- Send your footage either as a QuickTime (.MOV) or an MP4 file with H.264 codec. However, we will be able to download other type of files.

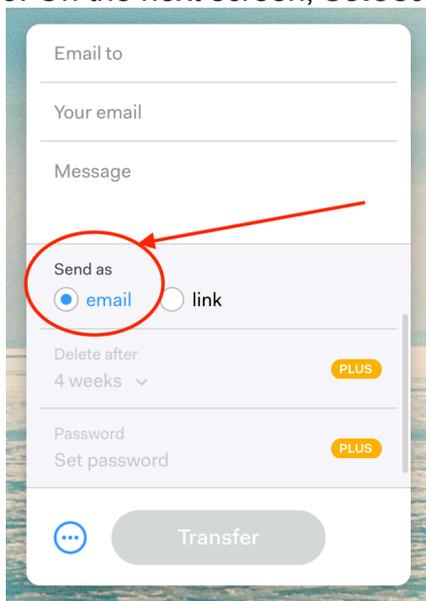

Instructions for uploading your video and photo files

To send us your video and photos, you can use a secure website called WeTransfer using the instructions outlined below. This is free for you to use and enables large video files to be transferred securely over the Internet.

1. Go <http://globalwater.wetransfer.com>
2. Click the gray circle with "... " button at the bottom, left side

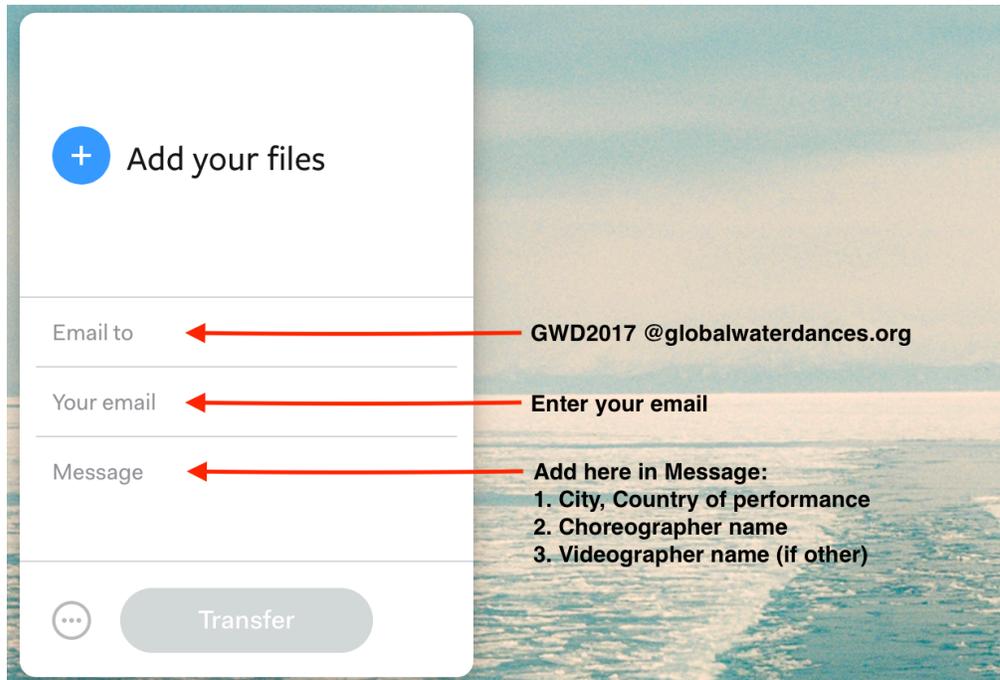

3. On the next screen, select "Send as Email" option.

4. If not already there, add the email address GWD2017@globalwaterdances.org in "Email to:"
5. Add your email address in "Your email"

6. Add the location of your performance (city, country) and Choreographer/Videographer name in "Message"
7. Add your video/photo files by clicking the (+) blue button (up to 20 GB when selecting "Send as email" option!)

8. Click the "Transfer" button
9. The file will begin "Transferring" and will say, "Transfer complete" when this has been done. You will receive a confirmation email saying that your video has been sent to Global Water Dances

If you have any problems or have another method of transferring your files, send us an email to GWD2017@globalwaterdances.org

***Please be sure to send your videos **before July 25th, 2017**, to ensure the appearance of your site in our special video editions.

Thank you for doing this and we are excited to see all of your footage. Feel free to send us your edited versions, if you make one!

Important note: By submitting your photos and videos you are stating, "I

am the owner of the worldwide rights to publish the photographs and videos that I am submitting to the Global Water Dances organization. I understand that I retain the right to use my own images, and that I will receive credit for these images whenever possible. By submitting photographs and videos of this dance, I hereby take responsibility for these images and grant permission to the Global Water Dances/LIMS organization to use any and all of these images for purposes of publicity, education, and to further its mission.”

Notes:

Due to their large file size, video files can take a long time to upload and send over the Internet.

The time it takes will depend on your connection and broadband, 3G, 4G or WiFi speed.

We recommend that you do this during a quiet time of the day, perhaps when your Internet connection is not being shared with others, in order to complete this part of the process as quickly and easily as possible.
